

### "Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It"—Never Fails—Applied in a Second

Isn't it wonderful what a difference a little "Gets-It" makes,—on corns and calluses? It's always right somewhere in the world, with many folks humped up, with cork-screwed

"Wheel! I Don't Care! I Got Rid of My Corns With 'Gets-It'!"  
facing, gouging, picking, drilling out their corns, making packages of their toes with plaster, bandages, tape and contraptions,—and the "holer" in their corns goes on forever! Don't you do it. Use "Gets-It." It's marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stick to the stocking, hurt or irritate the toe. Pain stops. Corn comes "clean off," quick. It's one of the gems of the world. Try it—you'll kick from joy. For corns, calluses, warts, bunions.  
"Gets-It" is sold everywhere. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.—Adv.

#### MARSHFIELD

##### Obituary.

Again has death entered our midst and taken this time one of the oldest and a much respected friend and neighbor, Mrs. Martha King, who died Jan. 25. The immediate cause of her death was gripe, one month longer, she would have been 80 years old. She retained her faculties in a wonderful degree, being an intelligent and interesting companion and friend down to the last years of her life.

A great sorrow came to her in the death of her only daughter, Etta, wife of Henry Martin of Williamstown, which occurred in 1886, and later the death of her husband. But calmly she journeyed on, still active and interested in the affairs of the home of her son, George King, with whom she lived, sharing in the love of her children and grandchildren and one great-grandchild.

Mrs. King was next to the oldest member of the Methodist church in Plainfield, where for so many years she attended when able to do so. She is survived by her son and family and many other relatives.

The funeral was held from the home in Marshfield, Rev. A. W. Hewitt officiating. W. B. Lacey sang "Face to Face." Burial was in the Plainfield cemetery in the family lot.

"They never quite leave us, the friends that have passed  
Through the shadows of death to the sunlight above.  
A thousand sweet memories are holding them fast  
To the places they blessed with their presence and love."

#### COUNTY CLERK

With No Appetite, All Run-down, Tells How Vinol Helped Him

So many cases like this are coming to our attention that we are publishing this letter for the benefit of Barre people who are in Mr. Kelly's condition. Read our offer below:

Clarksville, Tenn. "I am a county clerk, and became run-down, no appetite, was drowsy and felt badly most of the time. I had tried several remedies without benefit. One day I read an advertisement of Vinol and at once tried it. In a short time my appetite improved, my strength increased, and I felt better in every way." S. W. Kelly.

The reason Vinol is so successful in such cases is because it is an unequalled tonic-body-builder, combining native wine, the oldest and most famous tonic known to medicine.

So strong is our faith in Vinol that we offer to return the purchaser's money in every case if Vinol should fail to give satisfactory results.

Red Cross Pharmacy, Floyd G. Russell, Prop., Barre, Vt.—Adv.

### WHAT TO DO FOR ITCHING SKINS

Eczema, ringworm and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is, the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful that thousands of other physicians have been prescribing it constantly for 29 years. Resinol stops itching instantly, and almost always heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's.

#### CLEARs BLOTCHY SKIN

Try resinol soap for a week. You will be surprised to see how it clears and freshens your complexion, even in that short time. Used for the shampoo, it removes dandruff and keeps the hair live, rich and lustrous. This is because it contains the soothing, healing resinol medication.

#### AIR RAIDERS INACCURATE.

Did Not Show They Knew Where Bombs Were Being Hurlled.

London, Feb. 3.—The war office last night issued the following statement with reference to the Zeppelin raid in England:

"The utterly inaccurate report in the Berlin official telegram of Feb. 1, which purported to describe the effect of the German air raid on the night of Jan. 31, affords further proof of the fact that the raiders were quite unable to ascertain their position or shape their course with any degree of certainty."

"A number of cases of injury, mostly slight, have been reported since the previous figures were issued, and there have been two or three more deaths. The figures now stand as follows:

"Killed—Men, 33; women, 20; children, 6; total, 59.

"Injured—Men, 51; women, 45; children, 2; total, 101, making the total of killed and injured: Men 84, women 68, children 8, a total of 160.

"A church and Congregational chapel were badly damaged and a parish room was wrecked. Fourteen houses were demolished and a great number damaged less seriously by doors, window frames, etc., being blown out. Some damage, not very serious, was caused to railway property in two places. Only two factories, neither being of military importance, and a brewery were badly damaged, and two or three other factories were damaged slightly.

"The total number of bombs discovered up to the present exceeds 300. Many of them fell in rural places, where no damage was caused at all."
